Ontario Business Scale-up and Productivity (BSP)	Business owners in Southern Ontario	Business receives funding to directly offset incurred project costs. Companies access funding by reporting approved project expenses, then receive a contribution of up to 35% of those costs. Funding is provided to companies throughout the project and must be repaid once the project is complete. Generally, applicants can begin repayment up to one year after the completion of their project. Funding under this stream helps to accelerate the growth of firms and assist with the adoption of new, innovative technologies that support scale-up, productivity, and the development of and entry into new markets to help companies become globally competitive.	https://www.feddevontario.gc.ca/eic/site/723.nsf/eng/02466.html?OpenDocument
