

KANYE'S FIRST JOB WAS AS A TELEMARKETER.

Everyone has to
start somewhere.
The key is starting
in the right place.

That's where GenA comes in. GenA is a new youth employment service for Albertans aged 18-30. The service provides youth with career guidance and placement assistance, while employers get fresh ideas and enthusiasm. For more information or to make a referral please email info@gena.works or call toll-free **1-877-483-2562**.

This project is funded in partnership with the Government of Alberta

PROSPECT

Break barriers. Employ change.
