

Do you need a job? Why not start a career?

Are you tired of living paycheque to paycheque? Are you looking for something better? Get prepared for a great career in the trades with help from Momentum!

A trade can be the career that fits you!

Heavy Duty Technician

Starts May 2, 2016 Ends October 21, 2016

Description

Heavy Duty Technicians work on heavy equipment such as bulldozers, earthmovers, backhoes and semi-trailers. They keep equipment clean, in good working condition and well-maintained. They adjust and repair equipment or replace damaged parts or systems.

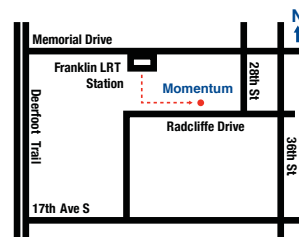

▶ You are eligible if:

- You were born outside of Canada, or
- You are an Aboriginal person.

You will gain:

- Upgrading in English, Math, Science and Life Skills
- Technical training at SAIT in your trade
- Workplace skills to help you be successful on the job
- 7 weeks work experience
- An opportunity to enter an apprenticeship!
