### WEBINARS

**Current as of 3pm EST – March 25, 2020**

For the latest information regarding the economic impact from COVID-19 and related support resources, please refer to <https://iicanada.org/epb>

As the COVID-19 outbreak spreads, many Jamati members have expressed concerns regarding businesses, investment, employment, and overall financial outlook. Weakening global demand, combined with already weakening oil prices, has and will continue to significantly impact many business owners and employees. The result is an economic slowdown in Canada and elsewhere, with the possibility of a recession in the second and third quarters.

The information below provides a summary of upcoming and archived webinars that provide useful perspectives on the economic impact of COVID-19 and insights for small business owners, individuals, and families to consider.
